# Ask Nana

E-mail your questions to [nana@keywestgayrag.com](mailto:nana@keywestgayrag.com)

*Dear Nana,*

*How do I know if my boyfriend is cheating on me?*

Well there are a few answers to this. First, you need to decide if you're just a crazy person who thinks the whole world is out to get you. If this is the case, then you probably think every boyfriend is cheating on you, that your boss is secretly out to get you, and that your real father might actually be the milk man. Now, if this isn't the case, there are some tell-tale signs you can look for. Unless he's sleeping with a drag queen, you're unlikely to find lipstick on his collar; but you can look for excessive text messages in his phone to someone you don't know. If he's spending a lot of time at the office... and he's a go-go boy, that's not a good sign either. The truth is though, if you think your relationship is in jeopardy, it probably is... so instead of stalking him, talk to him. For better or worse, you'll get some answers!

*Dear Nana,*

*What would you say is the biggest difference between dating men when you were young and dating them now? Do you think men have changed a lot over the decades?*

When it comes to dating when you're old versus when you're young the biggest change you see in a man is ball length. As a man gets older, his balls behave like a New York Jew and migrate south. I can't tell you the number of men I've know who have to lay their balls over their thigh when the sit on the toilet. And when your dating a geezer, you quickly learn to do a ball check before you move your chair or chaise closer to him... literally busting a nut is something you only do once, then you learn. I would also say that from what I've seen of you younger guys, particularly the homos, you are all a lot more groomed in the groin than in my day. In my day the only reason you wanted a well hung man was so that you knew that wasn't a vagina you were about to dive face first into. But other than that, men are men. Well actually, men are idiots... but they're men too.

*Do you have problems? Of course you do!! Why not let Nana help you?! Send your questions to:  
Nana@keywestgayrag.com.*

# CRUISING

by: Brad Loekle

I've just returned from 20 fagtastic days of cruising the Mediterranean aboard two back-to-back Atlantis cruises. As a growing gay-lebrity, it was only a matter of time before Atlantis ended up downwind of me and caught a good whiff. So off I went to blow the gays... away with my comedy. Along the journey I learned many valuable lessons and I will share some with you right now...

- There are bottles of hand sanitizer everywhere on cruise ships. Literally everywhere. Staff are constantly trying to squirt it into your hands. It's best not to drunkenly mistake it for lube. You only make that mistake once.
- On a boat full of 2600 gay men, it's best to swim in the pool before noon. Otherwise it starts to look like your sink after you shave in the morning.
- Under no circumstances should you shave your balls or asshole within 5 days of going in the Dead Sea. Otherwise you'll find out how Jesus walked on water.
- The main thing that Greek and Italian men have in common is that they're both so... Puerto Rican.
- When your cruise line tells you that you need to dress "conservatively" when visiting places like Vatican City or the Blue Mosque of Istanbul; "conservative" does not mean a Stevie Nicks suede boot, Capri pants and a sensible shrug! (ya queens...)
- If you enjoy date rape, you'll love a Turkish bath...
- Cruise ships will not adjust the lighting in public areas to create a better sexual experience for you... so don't ask. There

were queens who literally requested that the ship dim the lights on one of the outdoor decks that had become known as the “dick deck”. Apparently, seeing who you’re fucking is a real boner killer.

- Body glitter is a gay-specific strain of herpes. Once it’s on you, you’re never getting it off your body. Never. One person with body glitter kissed me on the cheek on the second night of the cruise; ten days later I still looked like I had just gone down on Rainbow Brite!

- You have never seen people smoke until you’ve been to Turkey. Seriously. There were toddlers smoking menthols outside of mosques. I even think I saw a fetus smoking. At least that’s all I can imagine was happening when I saw a pregnant woman hold a cigarette up to her crotch, it took a drag, and then queefed out a few smoke rings.

- It’s the Mediterranean, so you better acquire a taste for foreskin. Look at it like a Christmas present: you never know what’s inside. Maybe it’s the shiny new toy you’ve been dreaming about! Or maybe it’s just that cheese and nut log your aunt always served at Christmas dinner...

- And finally, if you’ve ever thought of trying one of these Atlantis gay cruises, I can honestly say: GET ON THE BOAT! My first two with them were truly some of the most fun I’ve had in a decade. I’ll be on many more in the coming year... so who wants to come cruising with me?!

*Brad Loekle is a comedian based out of NYC. He can be seen Thursday nights on TruTV’s “The Smoking Gun” at 9PM & produces the longest running weekly gay comedy show in New York.*

# Whore--Scopes

## **Aquarius**

**Jan 20 – Feb 18**

You have the worst fashion sense of anyone in this entire country. And that's saying a lot when you consider what Lady Gaga wears.

## **Pisces**

**Feb 19 – Mar 20**

So you admit that you're a hoarder. I hate to tell you this but keeping all the dust on the end tables and dirt on the floor isn't hoarding. That's just nasty!

## **Aries**

**Mar 21 – Apr 19**

This magazine is your only chance at getting laid this month. Follow the instructions very carefully. Roll the magazine up, wrap it in a condom and shove it up your ass.

## **Taurus**

**Apr 20 – May 20**

You are the only person I know that went so far as to switch cell carriers, buy an iPhone, and had to change your number just to use Grindr. All that and you still aren't getting any!

## **Gemini**

**May 21 – Jun 20**

The stars foresee big things for you in the future. Unfortunately, it's a big waistline, big butt, big thighs, and a big neck. All is not lost, one thing will get smaller.

## **Cancer**

**Jun 21 – Jul 22**

You may want to get anal rejuvenation surgery. It's similar to vaginal rejuvenation but it's specifically for a big asshole such as yourself.

## **Leo**

**Jul 23 – Aug 22**

So you've been trying Extenze for the last few months in hopes of making your dick bigger. Sadly, the only thing getting bigger is your credit card balance.

## **Virgo**

**Aug 23 – Sep 22**

You love being the center of attention. This is great when you're in a bukkake orgy but not as helpful in real life. Take an interest in what other people want and you may not be seen as such an ass.

## **Libra**

**Sep 23 – Oct 22**

Financially this may be a tough month for you. You may need to cut back to only the essentials. In your case, essentials will include botox and liposuction.

## **Scorpio**

**Oct 23 – Nov 21**

As your birthday approaches, try to not think about the fact that you're getting older. It will be very obvious as you get less "come hither" looks and more "get away old man" looks at the bar.

## **Sagittarius**

**Nov 22 – Dec 21**

It's time to think about changing out your wardrobe. I'm not saying this because Fall's approaching, I'm saying it because it's not the 80s anymore!

## **Capricorn**

**Dec 22 – Jan 19**

Fantasy Fest is finally here and with it comes the hope of hooking up with one or more of the hot, sexy visitors. Notice I said "the hope".... You're not gettin' any!
