# GAY RAG

Volume 4 - Issue 11  
November 2009

Welcome to Paradise!

As the temperatures drop all over the country, the ocean surrounding Key West ensures that our temperature stays balmy all month long.

Our water temperature will stay warm as well making it a great time to watch the power boat races and maybe even go for a warm midnight swim!

Enjoy!

# Ask Nana

E-mail your questions to [nana@keywestgayrag.com](mailto:nana@keywestgayrag.com)

Dear Nana,

*I don't know exactly how to say this, but my grandmother is a bitch. I know it's a terrible thing to say about an 82 year old woman, but it is true. She was, quite frankly, a terrible mother to my own mother and her other children and hasn't been much better in the "Nana" department. She regularly takes pot shots at me for my weight, who I'm dating or not dating, my mom, and my dad, basically anything she can get her hands on. Part of me says to just suck it up because she's 82 and you just have to accept her as she is. The other part of me says that I'm a grown man and would never tolerate this behavior from anyone else, so why does she get off easy just because she's old and my relative? So, I have two questions for you: first, what do you think I should do? And second, are you looking for an extra grandchild?!*

*-Not so Grand grandson*

Dear Grandson,

First of all, you are always welcome to be my grandchild! Everyone is. I'm like the octogenarian Red Cross for wayward gayrand children. The original fruit fly! But now onto the real meat and potatoes of your letter. Let me put this simply: DROP THE BITCH! I don't care how old someone is, or who they are in relation to you, cruelty is cruelty. Period, Cut, Print, end of story. And, as an old bugger myself, let me just say that people don't change as they get older. So my guess is your grandmother was a lousy person at 32 and thus is an even lousier person at 82. If she hasn't learned to play nice with others in eight decades, then she should be left alone to wander the playground of life by herself. Remember, love bug, people teach us how to treat them. She has shown you who she is and what she's all about and now you have to be a big boy and deal with her accordingly. This is not to say that sometimes the one's we love don't hurt our feelings or make mistakes. But it doesn't sound like that is the case here. Mistakes and meanness should be the exception... not the rule. So look back at your own relationship with your grandma and be honest. If the naughty column is a whole hell of a lot longer than the nice column then maybe it's time someone shoved some coal up her stocking and called it quits.

Dear Nana,

*My boyfriend is really into clothes and fashion and I am die hard tee-shirt and jeans kind of guy. He isn't a priss about his clothes and I do dress up when it's appropriate, but I do get the sense that he would like me to care more about clothes. And although I care about him immensely, I could really give a shit about clothes. I can't tell if his desire for me to bulk up my wardrobe is about him wanting us to have a shared interest, or if my basic wardrobe is an actual thorn in his side. What should I do?*

*-Plain "Jane"*

Dear Plain Jane,

I think you both need to realize that there is nothing wrong with either side of this coin. If dressing up and a full closet makes a person walk a little taller and feel better about themselves, then bully for you! But if you don't need all those bells and whistles to set off your own bells and whistles, well then you shouldn't be going through all that rigmarole just for the sake of other people. I don't think he should pressure you into a whole new wardrobe and way of life... but that doesn't mean you should disregard his all together. Maybe if you take in interest in how he looks and what he's into, just in regards to his own wardrobe, he might feel validated enough. And then, you can be the all American guy in blue jeans that you want to be. The most important thing is to talk about it. Let him know who you are and how you feel about this and everything else. And make sure to listen when he does the same in return. Boyfriends should compliment each other... not become each other.

*Do you have problems? Of course you do!! Why not let Nana help you?! Send your questions to:  
Nana@keywestgayrag.com.*

# Imagine

by: **Brad Loekle**

There is an old saying that's supposed to help you get over nerves when performing in front of a large group of people: just imagine that the audience is naked. Well, I must have been tremendously nervous the other night when I performed at a social group's anniversary gala; because when arrived at the event I could swear that the entire party was comprised of naked people. Suddenly it was clear what the name of the group meant: Males au Naturel. And boy did they mean "naturel"! There were a little over 200 men and they were all as naked as they day they were born... minus the placenta. Let me say now that until this gig, I thought I had played every sort of ridiculous scenario. I've performed for seniors, trannies, rednecks, a room full of Japanese tourists who spoke no English, even an elementary school class. But all those wild and crazy groups had one thing in common: clothes.

I have always believed that cock and balls are a lot like snowflakes. They are all creations of God, all individual, and I when I see them I like to tilt my head back and try to catch them on my tongue. But even I wasn't prepared for the cornucopia of cock that I saw that night. I was also shocked to discover that God doesn't make all things in proportion, after all. I saw skinny little Scrooge-looking men with dicks so big these men must black out when they get an erection. I saw big muscle-bound glitter pigs that were so small they looked like they were being sophisticated by all that muscle.

Two things added to my discomfort in the room. First, since everyone was naked, the heat had been turned on so that the room was like one of those "hot" yoga classes. So now, not only was I surrounded by old men's balls but by old men's sweaty balls. And then there was the fact that they were serving a buffet. So big, old sweaty men eating baked ziti, ribs, Caesar salad, and any other inappropriate food you could eat nude.

There were men of every shape and size and even every color. Let me say, right now, once and for all that the myth of size being related to color is not always true. But I did notice that the Latin ones seemed to be the most decorative. Any by decorative I mean these queens had actually decorated their cocks. A few were wearing bejeweled chain belts; almost like charm bracelets of a giant... or Kirstie Alley. And, of course, there were an assortment of cock rings, including one bolo tie-styled cock ring to complete this nudist's cowboy look. (Insert your own "riding bareback" joke here).

They asked if I would perform naked... um, no. I asked that no one be allowed to take photos or video. They reminded me that no one would really have any place to put a cell phone, camera, etc; so it wouldn't be an issue. Duh. As I got up to perform I kept trying to remind myself to only make eye contact or look above their heads... don't look down. Because of this I nearly walked off the edge of the stage twice. When I got off stage the event planner, who by the way was always naked and wearing only a bow-tie and loafers, handed me an envelope full of cash. This is always my favorite part of my job, but particularly on this evening. I tried not to think where he had been holding the envelope all evening and quickly pocketed the nudist cash. As I prepared to leave, I decided to ask the planner a question that had been on my mind all night long. You see, I had noticed that the chairs the nude audience was sitting in were clearly property of the event space. So I wanted to know what lucky group was going to get to sit on these warm, taint scented chairs next. It turned out that not only did they have another event that same evening right after the naked anniversary, but it was a transgender support group cocktail hour! Awesome, right? Just think, one of those manmade women could pop a squat on one of those juicy chairs and end up pregnant. And you know what that means... GAY JESUS!

Well, a girl can dream... can't he?

# Whore--Scopes

## **Aquarius**

**Jan 20 – Feb 18**

If you are the "dawning of the Age of Aquarius" things are not looking good for the next month. I recommend you just stay home and check back for next month's whore-o-scopes.

## **Pisces**

**Feb 19 – Mar 20**

Make someone happy today... when he gives you the nod and the toothless grin... show your tits.

## **Aries**

**Mar 21 – Apr 19**

You're smart enough to know NOT to join forces with friends... at least not in YOUR line of work dear. That spreads disease!!!

## **Taurus**

**Apr 20 – May 20**

They say financial trends are changing, so I recommend you spruce up that 60's style mini dress and break out the fishnets honey... the clientele is going upscale.

## **Gemini**

**May 21 – Jun 20**

Don't allow a good friend or relative to talk you into doing anything you don't want to do. Remember what happened in Mexico and how long it took to get THAT video off the internet???

## **Cancer**

**Jun 21 – Jul 22**

If you find yourself straddled with more dates than you can handle maybe it's because you've been down on all fours so long you don't remember how to stand up straight. Get up and look these new boys in the face girl!!

## **Leo**

**Jul 23 – Aug 22**

Clear up old financial obligations to avoid future problems. That means pay for last months Botox treatment sister or your next visit to the doctor, you might not leave looking so pretty.

## **Virgo**

**Aug 23 – Sep 22**

Take a leisurely stroll outside and spit on everyone that passes you... if they get angry just tell them that it is holy water that you are spitting on them and "God Bless", or just be honest and tell them to get over it.

## **Libra**

**Sep 23 – Oct 22**

Your local drug dealer deserves a break. Stop calling him at 3:30am once you've staggered out of the bar and surprise him by letting him sleep in till at least noon!! THEN, and only then ask for a freebie.

## **Scorpio**

**Oct 23 – Nov 21**

Don't try to justify stealing those three quarters out of the blind beggar's cup. Nope, it's wrong, wrong, wrong and it wasn't enough to refill your stash anyway!

## **Sagittarius**

**Nov 22 – Dec 21**

Smashing the bathroom mirror still doesn't make up for the fact your face is falling.....  
A LOT.

## **Capricorn**

**Dec 22 – Jan 19**

Stop moping. You knew you were in trouble the minute the cops pulled out their guns and yelled "drop the candy and step away from the child." It's never a good sign.
